

HISTORY CRUZERS

North St. Paul, MN

01/01/2026

We have an announcement that many of you will not be happy about. Our 33rd year is coming with some changes. With all the issues we have had in the past few years, it is time to make changes to The History Cruze Car Show. Many of our group of volunteers are getting older and we have been asking for volunteers but very few have responded and we thank the ones that have. Something that comes with being a volunteer over 70 years old and some over 80 comes health issues being there taking all the guff that they should not have to put up with. The History Cruze Board is also dealing with city politics which is becoming increasingly difficult to work with. Our board and volunteers have been dealing with some participants that do not think that the rules apply to them since they are so special. The rules are there for a reason and many of the rules are negotiated into our contract with the City of North St. Paul. Our group had decided to cut the show down to every other week instead of weekly as we have for the past 32 years. The reasoning is listed in the first part of this message. We don't see things getting any better, the disrespect for the last 5 years has grown tremendously from the few and will now it is going to affect the many, our group will no longer put up with it. The show year 2026 will be monitored to see if the show will continue.

Signed, The History Cruze Board of Directors.
